Some Help With

Create an account

TABLE OF CONTENT

- Create an account in the AnyDesk client
- Create an account via my.anydesk II

You can create an AnyDesk account for personal or business use in two ways: through the AnyDesk client on your device or via **my.anydesk II**.

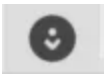

For bulk user setup or team collaboration, visit **[User Providers]** or **[Invite users to a team]**.

Create an account in the AnyDesk client

Once registered, your AnyDesk credentials can be used to sign in to both the client and my.anydesk II, syncing your account details.

To create an account:

1. Open the AnyDesk client and in the upper-right corner, click

   account button

   .

2. Fill in the registration form:

   - **Intended Purpose** - select for which purpose you wish to use AnyDesk.
   - **First Name** and **Last Name**- enter your personal details.
   - **Email** - provide your valid email address.
   - **Password** - come up with a unique and strong password for your account. Must include upper and lower case letters, at least one number, and be 8-64 characters long.
