Some Help With

Register your license

TABLE OF CONTENT

Register the license key in the AnyDesk client

- Step 1. Copy the license key from my.anydesk
- Step 2. Paste the license key into the AnyDesk client

Sign in to your account in the AnyDesk client

Register via my.anydesk II

Pre-apply license to a custom AnyDesk client

Once you purchase an AnyDesk license, you must register it in the AnyDesk client. This step is required to unlock all features included in your license.

Register the license key in the AnyDesk client

You can manually register your license by copying and pasting the key into the AnyDesk client.

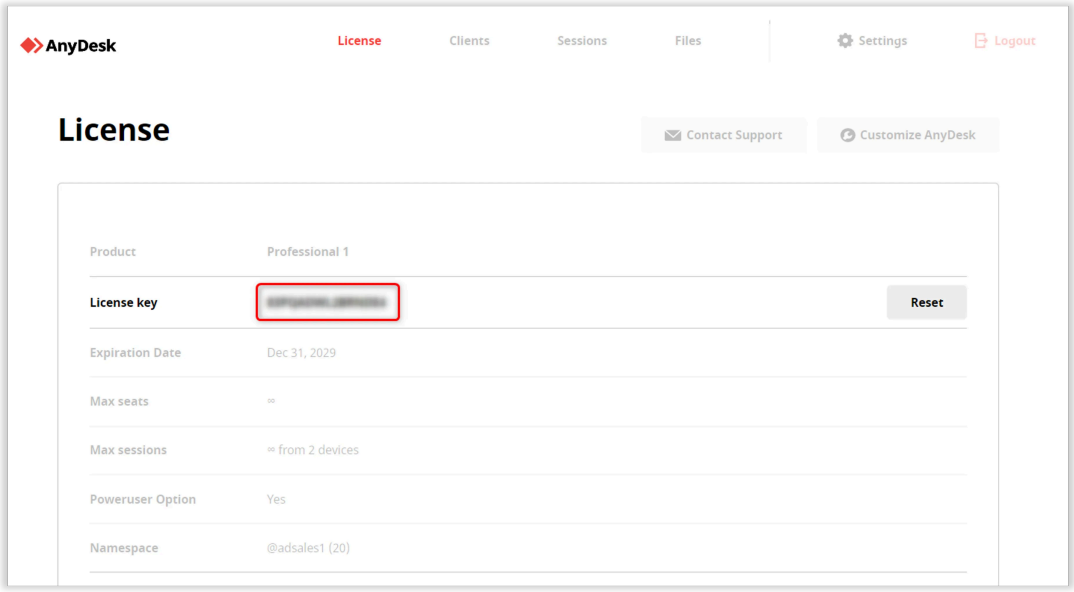

Step 1. Copy the license key from my.anydesk

my.anydesk II

my.anydesk I

1. Sign in to your **my.anydesk I** account.
2. On the **License** tab, find the **License key** field and copy the license key.

copy license key

3. Sign in to your my.anydesk II account.

4. Go to the **License** tab, and in the **About** section, copy the license key.

copy license key_myad2

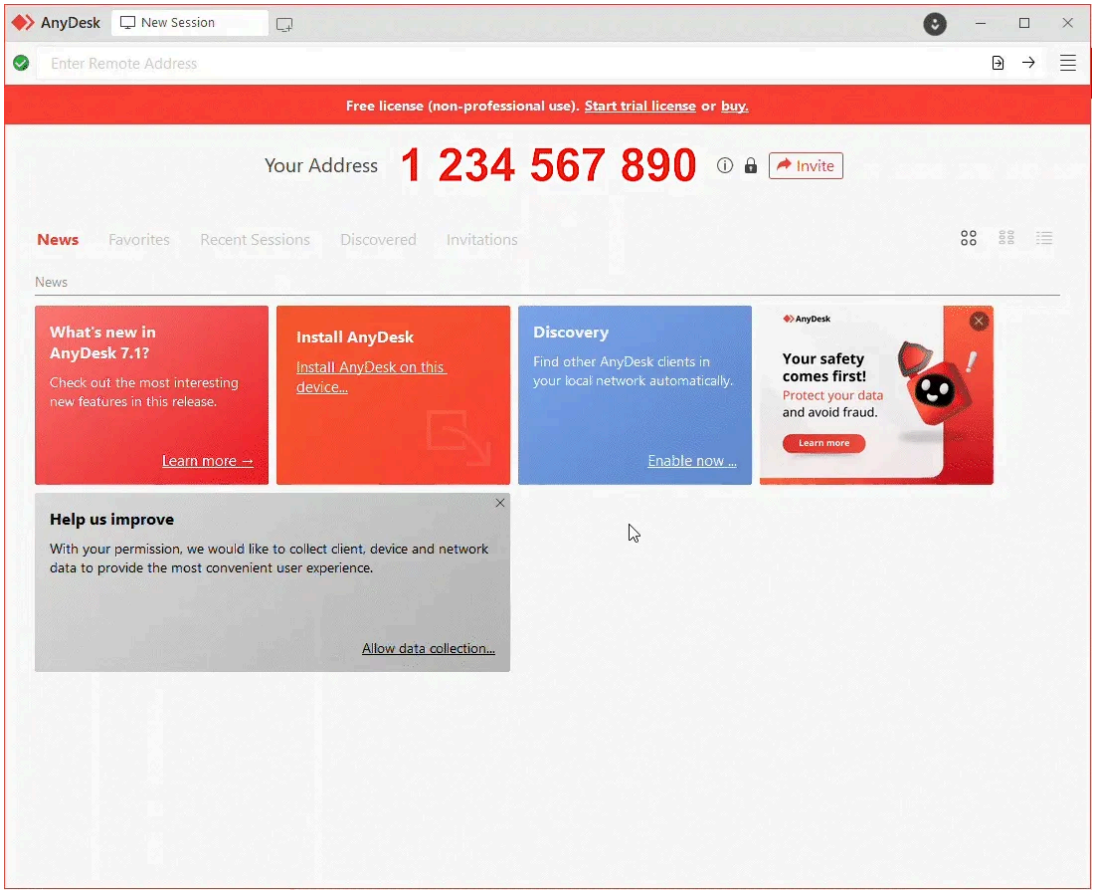

Step 2. Paste the license key into the AnyDesk client

1. Open the AnyDesk client on your device.
2. In the upper-right corner, click

image.png

> **Change License Key…**.

3. In the **Change License Key** section, paste the license key from my.anydeskand click **Register license key**.

activate license_1

Sign in to your account in the AnyDesk client

Your license is linked to your AnyDesk user account. Signing in will automatically register the license.

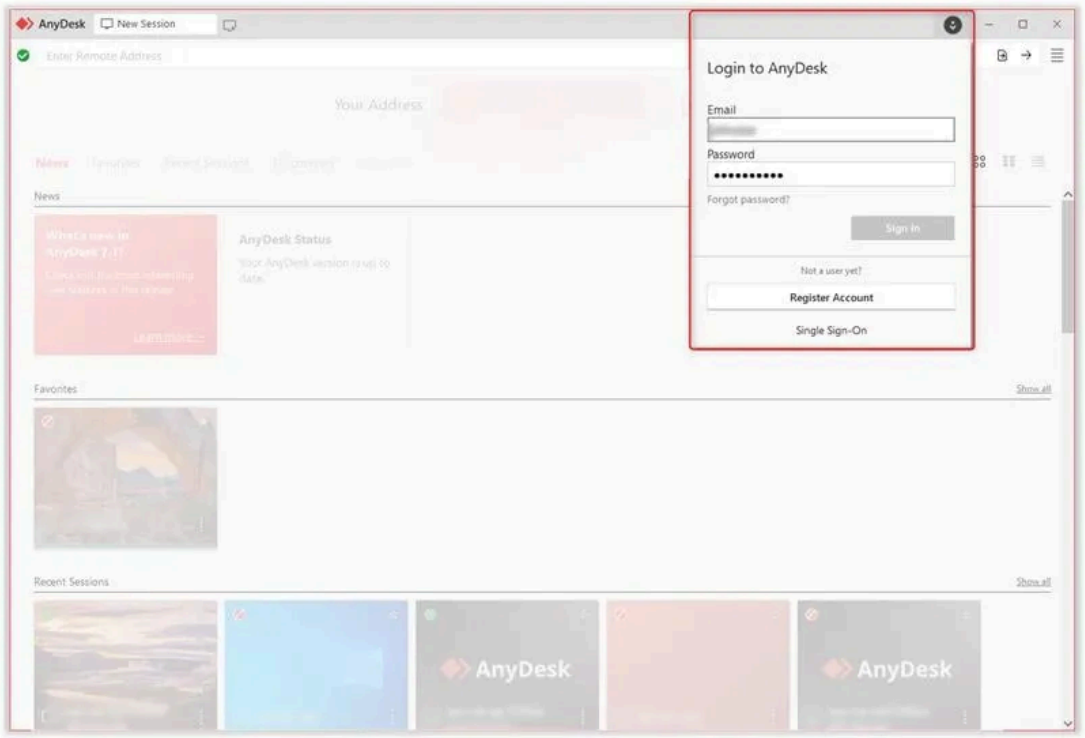

> 🚨 IMPORTANT
>
> You may encounter the `anynet_license_conflict` error. This typically occurs if:
>
> - **License already activated:** The license is already active in the AnyDesk client.
> - **License mismatch:** The license linked to your account differs from the one active in the client.

To sign in to your account:

1. Open the AnyDesk client on your device and in the upper-right corner, click

   .
2. Provide your AnyDesk credentials and click **Sign In**.

image

After signing in, your license is automatically registered, and all licensed features become available.

Register via my.anydesk II

> **Platform:** Windows only

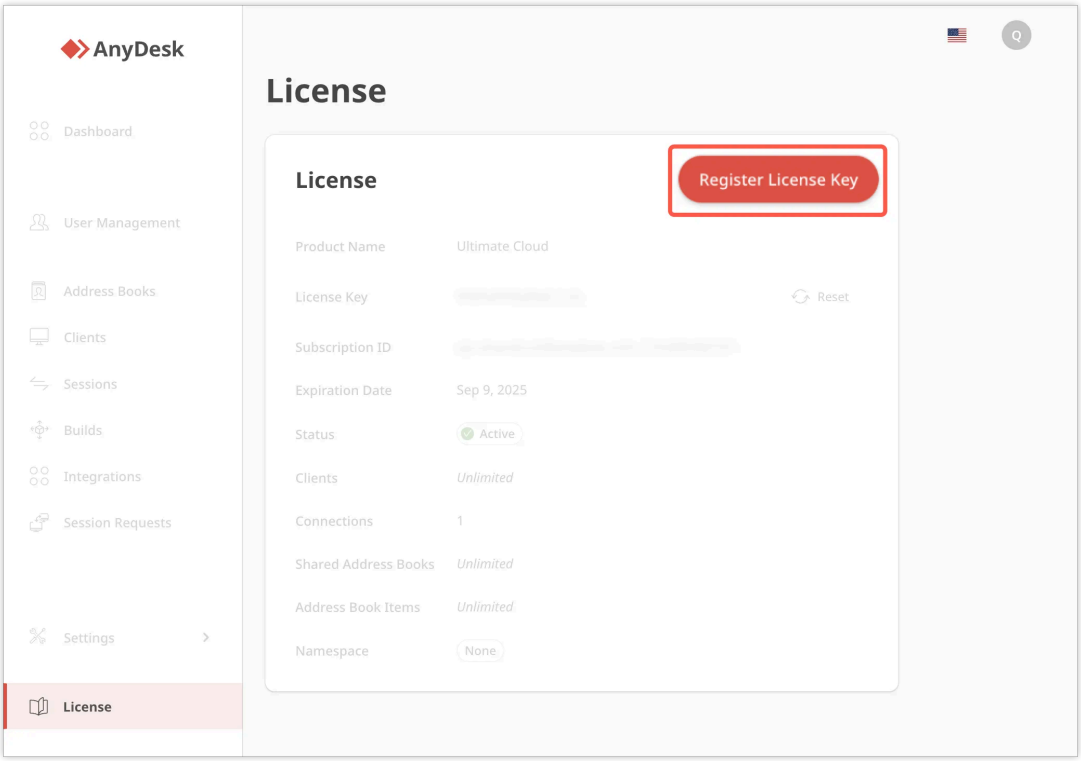

You can also register your license directly through the **my.anydesk II**management portal. Before you begin, ensure the following:

- You are using the standard (non-customized) AnyDesk client downloaded from the official AnyDesk website.
- Your AnyDesk version is **9.0.0 or later** on **Windows**.
- AnyDesk is **installed** on your device.

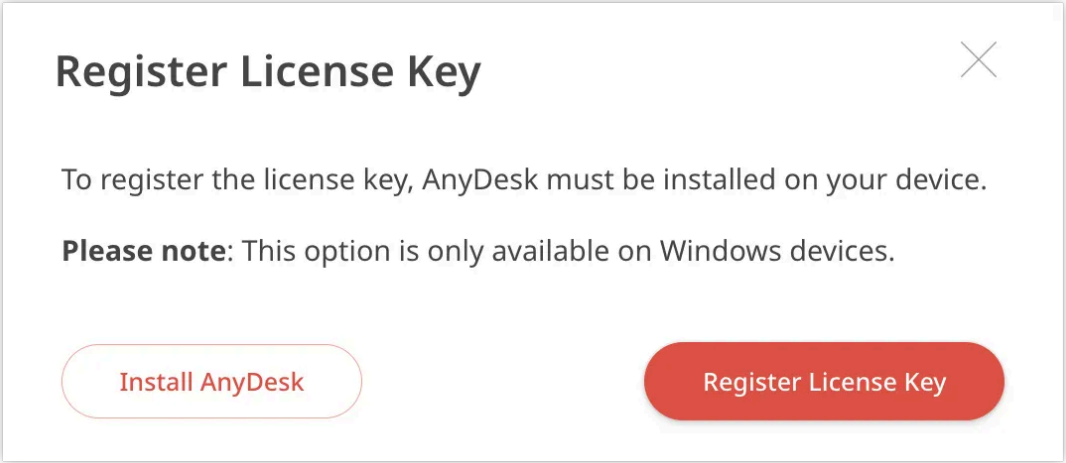

- AnyDesk is running.

To register the license:

1. Sign in to your [my.anydesk II] account.
2. Go to the **License** tab, and click **Register License Key**.

3. In the dialog, click **Register License Key** again to confirm.

4. When prompted by your browser, click **Open** to allow AnyDesk to launch.

Once confirmed, the license key will be registered to your AnyDesk client.

Pre-apply license to a custom AnyDesk client

You can apply your license to custom AnyDesk clients when creating them on **my.anydesk.com**. The license is added automatically during client creation, so the AnyDesk client is ready to use after installation.
