Some Help With

Sign in to your account

TABLE OF CONTENT

Sign in to your account using credentials

- In the AnyDesk client
- In my.anydesk

Sign in to your account using Single Sign-On (SSO)

- In the AnyDesk client
- In my.anydesk

Sign in using multifactor authentication (MFA)

You can sign in to your AnyDesk account in both the **AnyDesk client** and the **my.anydesk management console**.

- **AnyDesk client** - access all features included in your license.
- **my.anydesk console** - view connected devices, client details, and manage your account settings.

If you have a **Free**, **Solo**, **Standard**, or **Advanced** license, sign in using the credentials associated with your account.

If you have an **Ultimate (Cloud)** license, sign in using Sign Sign-On (SSO) using the organization's ID.

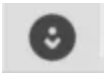

> Learn about the benefits of an AnyDesk license in **AnyDesk licenses** article and check how to create an account in **this article**.
