Some Help With

Can I purchase just the Address Book feature?

The Address Book feature is available for free with up to 5 contacts. To use it, you'll need to create a my.anydesk account.

If you need more contacts, you can upgrade your license:

- **Solo license**: Up to 100 contacts in one Address Book.
- **Standard license**: 1 personal Address Book (unlimited contacts) and up to 5 company Address Books (each with unlimited contacts).
- **Advanced license**: 1 personal Address Book (unlimited contacts) and up to 15 company Address Books (each with unlimited contacts).

A feature that lets you save and organize your contacts, which you can group using tags, for quick and easy access to remote devices.
