Advantages of Having an AnyDesk Account

Having an account provides a variety of possibilities when using AnyDesk. With an AnyDesk account, you can enjoy the following features:

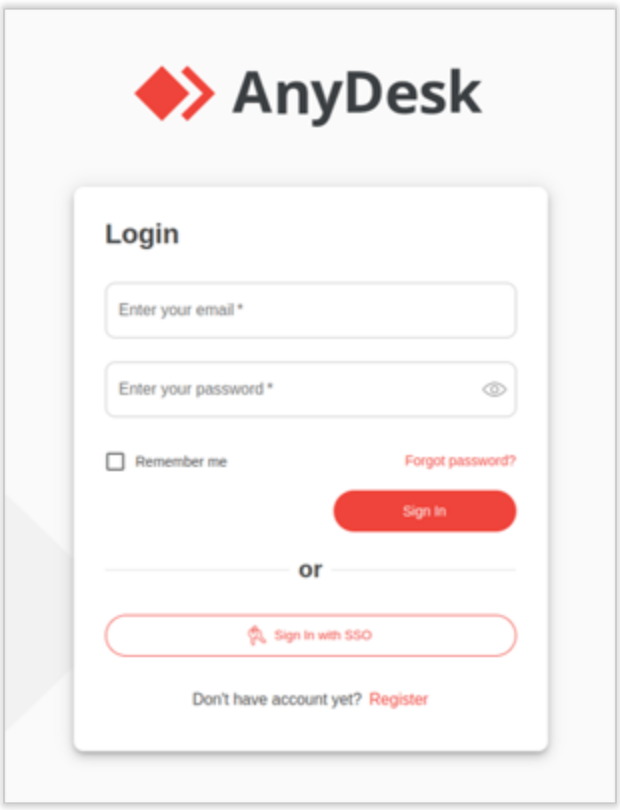

- Stay connected to a remote device for extended periods.
- Create an Address Book with devices you connect to regularly.
- Access my.anydesk.com to find detailed information on all your connections.*
- Set up Two-Factor Authentication for your connections and account.
- Track all active devices using AnyDesk.*
- Grant permission sets to users, allowing them to view or edit organization settings.*
- Set up Single Sign-On for your organization.*

- View connection reports providing detailed information on connection durations, times, and devices.*

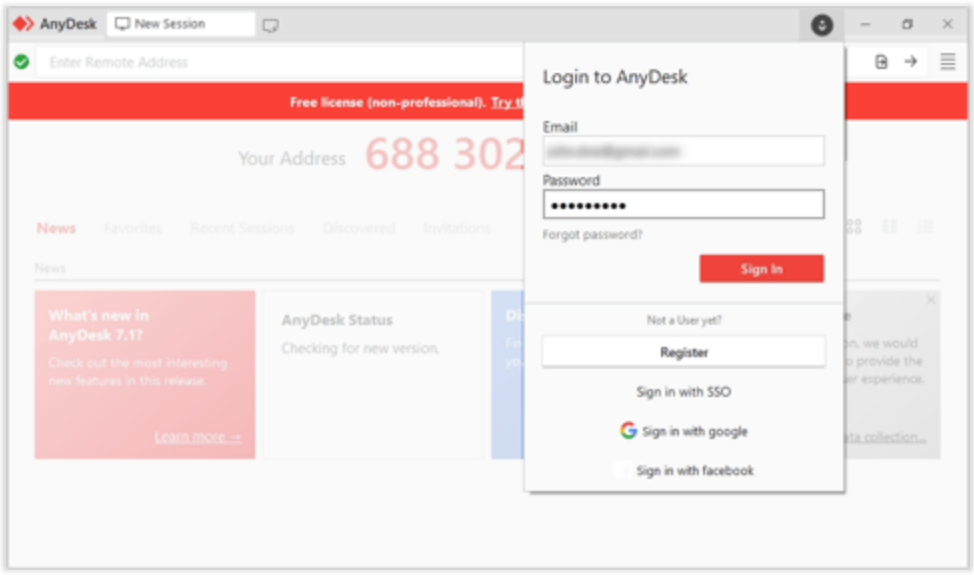

*****Some features require a paid AnyDesk license.

Access Your AnyDesk Account

You can access your account from an AnyDesk Client (AnyDesk version 7.1.0 for Windows or a newer client) on your device or via my.anydesk II.

Accessing your account via my.anydesk.com II
